Freight Forwarding (Sea / Air)

Freight Forwarding (Sea)

we are committed to offering you reliable import- export of goods in an expeditious manner. We have a solid track record of fulfilling the shipping and logistical needs of international companies on a worldwide basis. Whether you are new to importing and exporting or experienced in complex freight movements, we ensure your requirements are dealt with in a professional and cost effective manner.

Freight Forwarding (Air)

Being one of the renowned enterprises, we are engrossed in presenting Freight Forwarding Services to meet the detailed necessities of our clients. Provided services are delivered under the guidance of talented executives. Moreover, these could be modified to match with the varied desires of our patrons to accomplish their trustworthiness.

Custom Clearance (Sea / Air)

Custom Clearance (Sea)

Our customs clearance agents are experts in local specifications, conditions and regulations. This on-the-ground knowledge allows them to handle complete administration tasks for you swiftly and without complications. Our comprehensive menu of services incorporates preparation of all necessary declarations and reporting to authorities. Furthermore it includes electronic pre- filing, customs consultancy and documentation processing as well as security sealing and certification.

Custom Clearance (Air)

We are offering Custom Clearing Services to our clients. Our custom operation staff assists us in fulfilling the client's requirements related to excise/DGFT/RBI or related government agencies. Our staff is fully aware of the regulations, laws and tariffs schedules of custom and handles the shipment at every stage of clearance procedure. With our expert knowledge, we carry out the most critical part of shipping your goods out of the country without difficulty by satisfying the queries raised by an authority at the port. We have a wide network of agents all over the world that facilitates to make your shipment go through the smoothest channel.

Transportation

SECURE. SAFE. DELIVERING CONFIDENCE

Transportation in shipping is the back bone of Shipping, proper time bound schedule has to be maintained in the whole cycle of cargo management, with transportation being the prime parameter. Some clients also want you to handle their distribution to their vendors, proper planning and skilled man power is necessary for this activity.

We offers trucking services from point to point, from port to final destination, from pick up address to any port. Highest level of service, back up for any transport and very large fleet with various types of vehicles. Tranklink will handle this last stage of logistic chain with best possible way to maintain our brand name in the market.

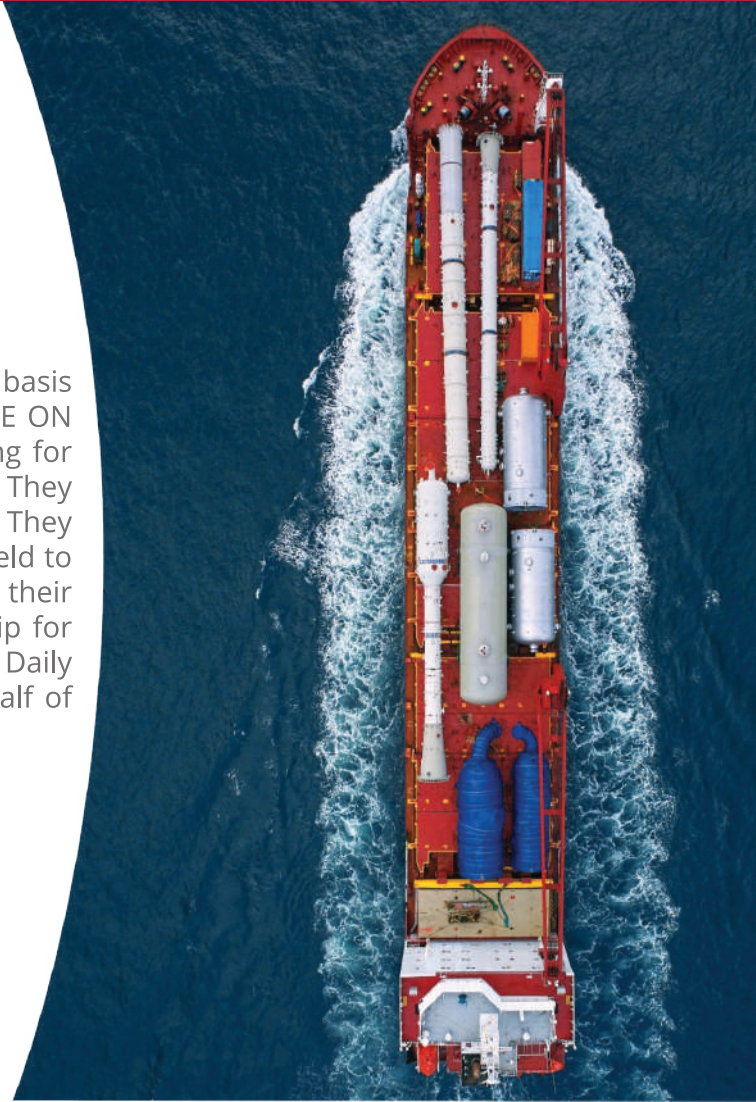

Warehousing

Tracklink expertise can carry the warehouse from the initial planning stages through the implementation process, using proven warehousing and distribution solutions. Atlas Logistics provides on-site management of the entire implementation process to maintain quality, schedule and cost conformance. Our approach to implementing solutions ensures project success.

Chattering

For import and export cargos ships are arranged on freight basis for cargos purchased by various PSUs who are on FOB (FREE ON BOARD). Ministry surface transport has got a chartering wing for chartering cargos on FOBS headed by director of chartering. They have enlisted brokers for chartering ships on fob basis. They register qualified brokers for chartering daily meetings are held to announce the cargos for ships. Chartering brokers submit their petitions on behalf of the ship owners who can give the ship for lifting the cargos on specific dates on reasonable freight rates. Daily the transchart meetings the controller of chartering on behalf of the government announce the freight rate for the cargos.

Value Added Service

TrackLink is expert in documentation of customs clearance and all paper work associated with the clearance of cargo-inbound and outbound (IMPORT/EXPORT).

- IEC Registration
- Insurance coverage
